PROFILE

Game audio designer focused on sound design and interactive audio systems — combat, weapons, and creature sound design; adaptive music; and hands-on implementation in FMOD and Unreal Engine. Sole audio designer on **Monster Punk**, owning the sound from initial design through a live in-engine FMOD-to-Unreal implementation. Composer and multi-instrumentalist background brings a musician's ear to technical sound work; also teaches sound design and mentors audio students alongside project work.

CORE SKILLS

Combat & weapon sound design

Creature & UI sound design

Foley recording & sound synthesis

Interactive & adaptive audio implementation

Event- & parameter-driven middleware systems

Spatial / 3D audio design

Audio pipeline organization & asset management

Version-controlled collaborative workflows

PROFESSIONAL EXPERIENCE

Game Audio Designer — Fooya Games (Freelance)

2025 – PRESENT

- Sole audio designer on **Monster Punk**: game sound design, music, and a live FMOD-to-Unreal Engine implementation — built and owned end to end, without a larger audio team.
- Composed the **I Come In Peace** soundtrack
- ★ Nominee — Best Game Soundtrack, Israeli Indies Awards 2025

Sound Design Mentor — Mentor College

2026 – PRESENT

- Mentors aspiring game audio designers in sound design fundamentals and real-world project workflow.

Composer & Sound Designer — Morsedero.com (Freelance)

2018 – PRESENT

- Designed and implemented sound effects and music for games and film; owned audio pipelines from concept through final implementation, aligned with gameplay and visual direction.
- Collaborated with designers, programmers, VFX artists, and animators on player feedback, emotional impact, and gameplay clarity.
- Clients and collaborators include The Jewish Agency for the Land of Israel, Cowboy Productions, and Rugelach Games, plus award-winning short films with Kibbutzim College, Minshar, Mentor College, and Bezalel Academy.

Music Producer — Simply (formerly Joytunes)

2022 – 2024

- Produced high-quality renditions of popular songs for the SimplySing app — MIDI composition, live recording, sampling, and mixing in a fast-paced, deadline-driven environment.

Sound Design Instructor — Ashkelon Center of Excellence

2024 – PRESENT

- Created and teaches a sound design curriculum for kids — Foley recording, asset libraries, narration, SFX creation, sound manipulation — and directs live-scored ensemble performances.

Music Production Instructor — Mikey Conservatory of Music, Tel Aviv

2021 – PRESENT

- Teaches recording, editing, and mixing; leads rock, pop, funk, and R&B ensembles preparing students for recitals and shows.
